

| Leak detector                        |  |
|--------------------------------------|--|
| Cylinder trolley                     |  |
| Suitable for                         | gas cylinders with a capacity of 10 l or 20 l          |
| Abmessungen (Länge x Breite x Höhe)  | 390 x 450 x 1225 mm                                    |
| Gewicht                              | 17 kg  |
| Test instrument                      |  |
| Inlet                                | 1/4" SAE   |
| Outlet                               | 1/4" SAE   |
| System pressure gauge                | 0 100 bar, 2 bar resolution, 80 mm diameter, class 1.0 |
| Dimensions (length x width x height) | 65 x 70 x 200 mm                                       |
| Weight                               | 400 g  |
| Cylinder pressure reducer            |  |
| Suitable for                         | nitrogen or forming gas N2/H2 (95%/5%)                 |
| Adjustable pressure                  | 0 to 100 bar   |
| Hose connection                      | 1/4" SAE   |
| Gas cylinder connection              | DIN 477 No.1   |
| Dimensions (length x width x height) | 55 x 200 x 210 mm                                      |
| Weight                               | 1400 g   |
| R134a, R1234yf connection hose       |  |
| Connections                          | 1/4" SAE   |
| Length                               | 5000 mm  |
| max. bend radius                     | 40 mm  |
| max. operating pressure              | 50 bar   |

| R744 connection hose    |          |
|-------------------------|----------|
| Connections             | 1/4" SAE |
| Length                  | 5000 mm  |
| max. bend radius        | 40 mm    |
| max. operating pressure | 140 bar  |

| Quick connectors                 |          |
|----------------------------------|----------|
| Threaded connection              | 1/4" SAE |
| Weight                           | 150 g    |
| Test in accordance with SAE J497 |          |

| Disposal of the packaging material   |
|--|
| Recycle cardboard packing material.<br>Recycle plastic packaging material. |

| Disposing of the device  |
|--|
| If you want to take the device out of service, bring it to a recycling centre or contact your AVL DiTEST customer service. |
